Public Open House Scheduled for Russian River Wastewater Treatment Plant Irrigation Reliability and Beneficial Reuse Project

Santa Rosa, CA – Sonoma County Water Agency (Agency) staff on behalf of the Russian River County Sanitation District, will be available to answer questions from the public regarding the Russian River County Sanitation District Wastewater Treatment Plant Irrigation Reliability and Beneficial Reuse Project (Proposed Project) on February 22 at the Guerneville Public Library.

The Proposed Project would provide a flexible and reliable recycled water distribution system serving water users in the Russian River Valley and Green Valley areas. The Proposed Project would consist of the construction, operation, and maintenance of recycled water pipelines; booster pump stations; storage tanks; and associated appurtenances.

What to expect:

- Key project staff will be available to answer questions about the proposed project.
- Staff will provide maps and visuals of the proposed project.

Date: Thursday, February 22, 2007

Time: 6:00 p.m. – 8:30 p.m.

Location: Guerneville Public Library, Forum Room
14107 Armstrong Woods Rd
Guerneville, CA

For more information about the Proposed Project visit
